Integrated Risk Management Solutions™

RISKONNECT FOR THE UK FINANCIAL SERVICES INDUSTRY

HOW AT RISK ARE YOU?

Financial services organizations are under constant pressure to comply with ever-growing, ever-tightening regulations, protect customers, and achieve profitable growth. At the same time, regulators are now closely scrutinizing risk and compliance systems and levying big fines on those deemed too disconnected to be effective. Do you have the processes, people, and technology in place to manage risk holistically?

AN INTEGRATED APPROACH TO MANAGING RISK AND COMPLIANCE

Riskonnect's Integrated Risk Management solution for the financial services industry connects the dots between all types of risk –insurable and noninsurable, strategic and operational – so you understand what you're facing, how everything interrelates, and the cumulative impact on the organization.

The software breaks down silos, automates manual processes, and improves response time. For the first time, you can see the full impact of a single risk event on the entire organization. And all of that intelligence is right at your fingertips.

IDENTIFY, MANAGE, AND MITIGATE ALL RISK FROM ONE, EASILY ACCESSIBLE PLACE.

SEAMLESSLY COLLABORATE ACROSS FUNCTIONS, DEPARTMENTS, AND BUSINESS UNITS.

SPEND YOUR TIME MANAGING RISK AT THE STRATEGIC LEVEL INSTEAD OF TRACKING DOWN DATA.

MAKE INTELLIGENT DECISIONS QUICKLY.

INTEGRATED RISK MANAGEMENT FOR FINANCIAL SERVICES ORGANIZATIONS

Riskonnect's integrated risk management solution for financial services organizations brings together all forms of risk from all corners of the organization so you can make smart decisions that will reduce both risk and costs.

ENTERPRISE RISK MANAGEMENT

Anticipates, assesses, mitigates, and monitors every form of risk from every corner of the organization for a complete view of risks, how they relate, and the impact on the organization.

THIRD-PARTY RISK MANAGEMENT

Monitors in real time everything that relates to third-party suppliers, including agreements, contracts, policies, and access credentials.

INTERNAL AUDIT

Manages the end-to-end audit process to identify, assess, and address risks of all types, including financial, operational, IT, compliance, and more.

COMPLIANCE

Tracks, manages, and documents all compliance-related activity from one centralized location to reduce the risk of noncompliance.

OPERATIONAL RESILIENCE

Assesses and tracks the impact of a critical-business failure across departments and business units and tests real-life scenarios so you can hone your defenses.

REPORTING & ANALYTICS

Combines powerful analytics with intuitive and flexible report design tools to help you make better decisions around your data.

MONTE CARLO

Predicts the probability of occurrence and possible financial impact for different risk situations.
