Better Together: The Value of Integrating Safety and Claims Data

Margie Lim-Morison, RN, JD

*Vice President, Risk Management
Rochester Regional Health*

Sam Stribling, MBA

*Senior Vice President, Marsh Advisory, Consulting
Solutions, Marsh*

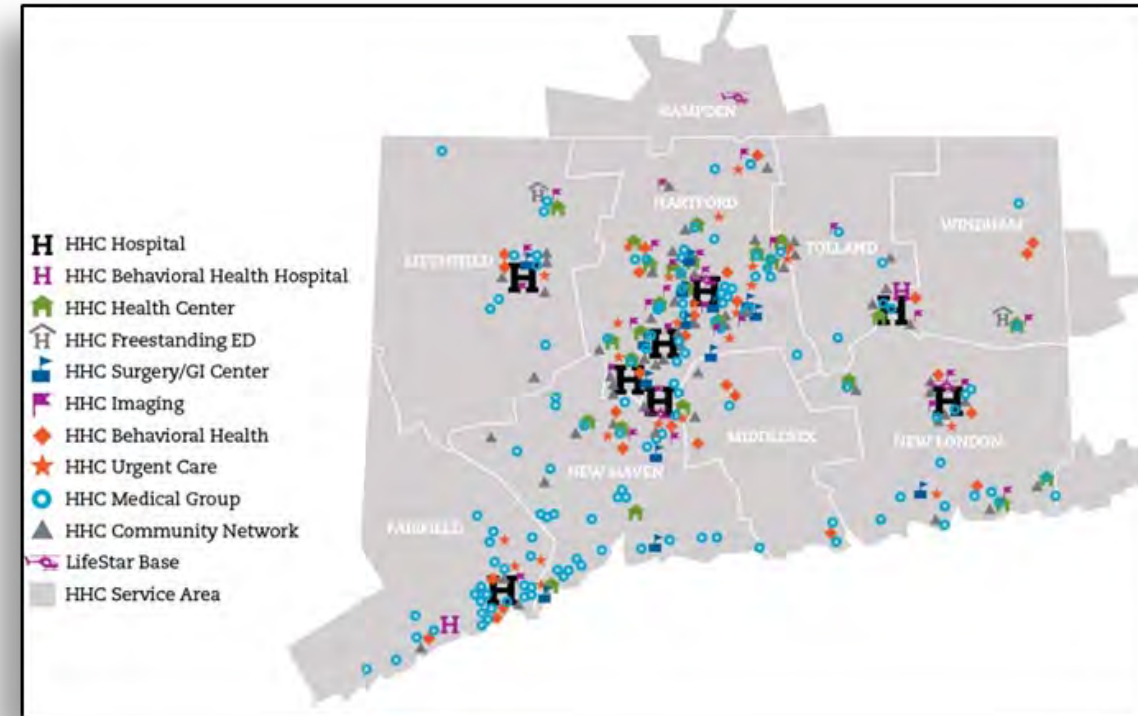

Hartford HealthCare

The logo icon for Hartford HealthCare, featuring four interlocking curved shapes in blue, purple, orange, and green.

Hartford Healthcare

- 8 hospitals across 5 regions
- 33,000 staff members
- 430+ locations
- Largest behavioral health network
- Caring for over 1.7M Connecticut residents

Our Riskonnect Journey

Where we've come from

- TPA managed claims
- Separate and ineffective event management system
- Inaccessible and unreliable claims and events data
- Paper claim files

STEP 1 of our Journey

- Bring claims and claims data management in-house
- Single platform for Claims and Safety/Events reporting
- Data integrity, taxonomy optimization
- Aggregation of Safety/Events and Claims data

STEP 2 of our Journey

- Electronic claims file
- Optimizing process for managing events – Increased reporting
- Customized dashboards and reports are telling as story...but in silos
- Identifying trends and looking for signals
- Raising awareness amongst leadership

Where are we heading?

STEP 3

- Coalescing the data between the silos
- Leveraging other sources (e.g., EMR, Events, Patient Feedback, RCA modules)
- Key performance indicators and metrics
- Enriching the analytics to strengthen the signals

STEP 4

- Correlations to other key metrics and indices
- Leading/lagging indicators for predictive data analytics

ROCHESTER REGIONAL HEALTH

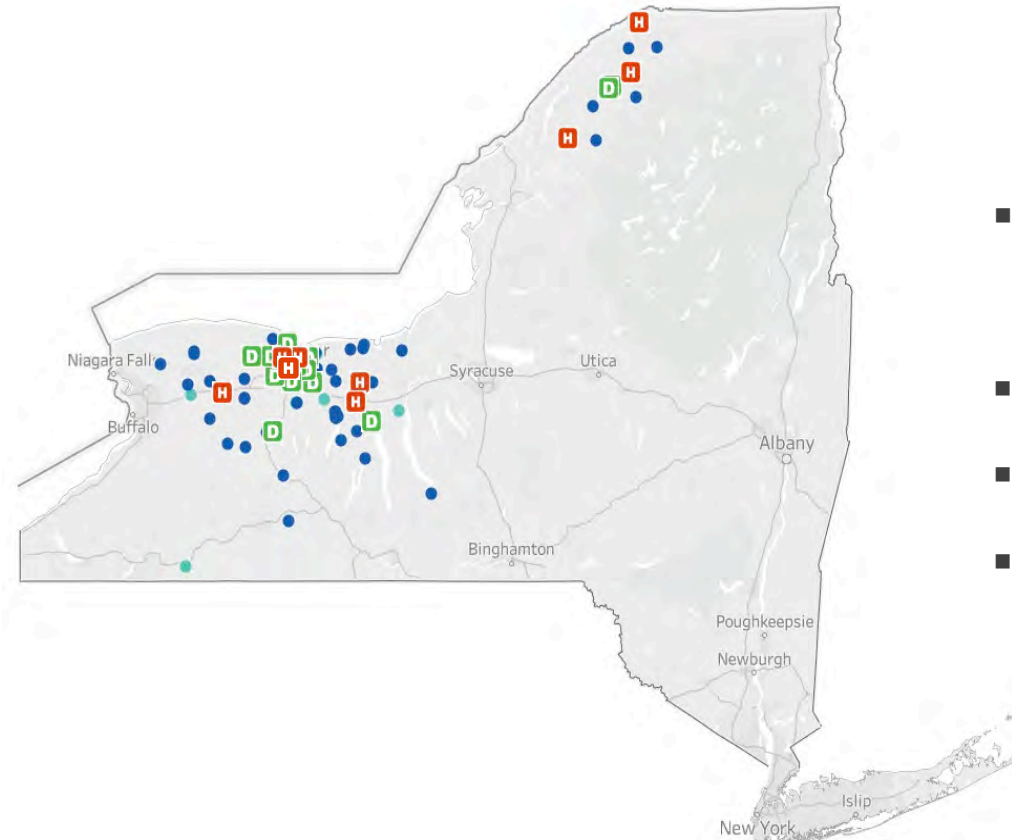

ROCHESTER REGIONAL HEALTH

NINE ACUTE CARE HOSPITALS

Rochester General Hospital
Unity Hospital
Unity Specialty Hospital
Clifton Springs Hospital & Clinic
Newark-Wayne Community Hospital
United Memorial Medical Center

This 2019 project won silver at the Greater Rochester Quality Council award in Team excellence.

The screenshot shows a web-based interface for a Root Cause Analysis (RCA) project. The top navigation bar includes a search field and a menu with options like 'Home', 'Use Cases', 'Patient Events', 'Patient Feedback', 'Employee Events', 'HIPAA Compliance', 'Claims', 'Dashboards', 'Hierarchy Tree', 'Root Cause Analysis', and 'Reports'. The main content area is titled 'Root Cause Analysis' and 'RGH-GYNSICU-915PHL-141001-June-2022'. It features several sections: 'Investigation / Checklist' with a grid of items and checkboxes (e.g., 'Clinical Summary Form Complete', 'Medical Record / Chart Reviewed'); 'Long Form Section' with a 'Detailed Narrative Description' field; 'Literature Search' with a 'Literature Search' field; 'Executive Summary' with an 'Executive Summary' field; 'Participants/Standard of Care Section' with fields for 'Date Investigation Completed', 'Standard of Care Met', and 'Agencies Notified'; and 'Contributing Factors' with two columns of fields for various factors like 'Environmental Factors', 'Equipment Factors', 'Staff Factor', 'Data Factors', 'Organizational/Management Factor', 'Team Environment Factor', 'Policies / Procedure Factors', 'Patient Characteristics Factor', 'Communication Factors', 'Institutional/Regulatory Factor', 'Task-Related Factor', and 'Work Environment Factor'. The interface also includes utility buttons like '+ Follow', 'Edit', 'Printable View', 'Change Status', and 'New Note'.
